

HOW MANY MEMORIES DOES AN IPOD HOLD?

Jewish Family Service presents

Music & Memory is an exciting, innovative project that uses iPod-based personalized playlists to reconnect elders with dementia or other chronic illness to the world around them through their favorite music.

Jewish Family Service

*"When you are listening to music you forget about problems, you forget about loneliness, you forget about depression, things like that."
—Alex Morales, Resident, Lemon Grove Care Center, California*

WHAT CAN PERSONALIZED MUSIC DO?

- Reduce or eliminate agitation
- Restoration of identity and increased socialization
- Improved mood and behavior
